

Fee for services...

Kids' Choice participates in most major health insurance plans. Insurance plans are billed directly for most services.

Families who do not have insurance coverage or do not have coverage for certain services are offered a competitive retail rate.

Fees are required for participation in our 'above and beyond' activities and some group activities. These are opportunities for your child to participate in activities that foster growth and socialization above and beyond traditional therapy services.

Services provided to school districts are offered at a competitive contracted rate. Services may be eligible to be billed under the Medicaid School Program or the Ohio Autism Scholarship Program.

Mission Statement...

at kids' choice we believe...

all clients are individuals and deserve to be treated as such. Our approach to therapy is integrative & genuinely individualized.

in continuity of care and that intervention for the individual with special needs should be looked upon as an opportunity.

in the families with whom we work and what we do.

Speech & Hearing Screenings

Early detection is important! We offer speech and hearing screenings to local preschool programs & school districts, as well as at our outpatient clinic.

Call us for more details.

School Contracts & Educational Services...

Therapy services are available through yearly contracts to local school districts. Please call us for more information.

Kids' Choice is happy to provide consultation and educational services for children who are serviced through IEPs, as well as through the Ohio Autism Scholarship Program. We will be happy to talk to you about these services.

● kids' choice, llc.

pediatric therapy,
education, &
consultation services

Kids' Choice, LLC is a therapist owned and operated company providing therapy, consultation, and educational services to individual families, local school districts, and various community facilities to persons ages birth through adult who are diagnosed with developmental delays and disabilities.

Two Speech-Language Pathologists and an Occupational Therapist share in the ownership and daily operations. **We offer a hands on, integrated approach and work closely with families and the community, ensuring continuity of care.**

It is a privilege to have the use of **Creekside Fitness**. This is a rare opportunity to provide therapy and recreational activities in a fun and supportive environment.

Services are available through our outpatient clinic, as well as by contracted services to local school districts and facilities.

Why choose kids' choice...

Kids' Choice is therapist owned and operated. We make decisions as therapists, not owners. This allows us the freedom to explore methods and advances in our fields and implement a treatment plan that is genuinely individualized.

k Our clients and their families come first! We strive to provide a nurturing environment facilitated by knowledgeable staff members.

k Because Kids' Choice believes in an integrated intervention approach, we constantly think of ways we can provide all of the services a family may need.

k It is our goal to make therapy and learning enjoyable for our clients and stress free for the families.

k Services include:

- | | |
|---|--|
| - speech & language therapy | - occupational therapy & sensory integration |
| - year round peer & social skills groups | - physical therapy |
| - contract services to local school districts & facilities | - consultation & implementation of home programs |
| - individual and family counseling to families with children on the Autism spectrum | - aac training & programming |
| - art & music therapy classes | - story time circles |
| - facilitated play dates | - monthly outings |
| - pediatric dysphagia therapy | |

Peer & Socialization Groups...

Kids' Choice is thrilled to offer year round Peer & Socialization groups. We pride ourselves on the fact that two of our owners designed and developed the Youngstown area's first peer and socialization groups.

What your child will gain from joining our "Friendship Club":

k Opportunities to establish and maintain friendships with peers

k Groups combine individuals with special needs with typical peers

k A sense of belonging

k An integrative, positive, and fun approach to therapy

k Opportunity to participate in recreational, exercise, and community outing activities

k Continuity of care as Speech therapy and Occupational therapy are offered simultaneously during meetings
